NexPress 2500

Digital Production Color Press
Reconditioned

The eco-friendly solution that is great for the environment and for your business

With digital color printing growing year over year, you can't afford to miss the opportunities. The question is, how can you afford professional digital production color equipment?

Kodak has the answer: a factory-reconditioned **Kodak NexPress 2500** Digital Production Color Press— continuing to lead the way in innovation for productive digital color printing.

Whether you're entering digital for the first time or complementing an existing digital black-and-white production capability, a reconditioned **NexPress 2500** Press gives you the best digital production color solution from Kodak for your budget and for the environment. You get performance that matches original specifications. And it's all backed by the service and support of a company that knows the graphic communications business like no other.

Quality you can trust

Our reconditioning process includes:

- ▶ Thorough reconditioning and cleaning of parts and assemblies to meet factory functional and performance specifications
- ▶ Replacement of all operator replaceable components (ORCs)
- ▶ A choice of new Digital Front Ends with the latest system software
- ▶ Repairing and repainting of blemishes on highly visible panels

Following this, each press is set up, adjusted to factory specifications, and thoroughly tested.

Because you're buying directly from the manufacturer, there are no additional transfer fees or inspection costs needed to initiate a service plan. Your reconditioned **NexPress 2500** Press is up and running just as quickly as new equipment.

Benefits you will appreciate

The reconditioned **Kodak NexPress 2500** Digital Production Color Press gives you:

- ▶ The power of a press and the flexibility of a printer
- ▶ Reliable, consistent image quality
- ▶ Maximized uptime, exceptional productivity, and user serviceability
- ▶ Innovative, strategic marketing solutions for the digital printing market

Kodak NexPress 2500 Digital Production Color Press

- ▶ Factory reconditioned
- ▶ 5000 A4/letter sheets per hour (5/0)
- ▶ Ideal for small to medium sized commercial printers, in-plants, and digital service bureaus
