Compact print power with 4-in-1 functionality

Where space is at a premium, our compact A4 black and white multifunctional printers, the SP 5200S and SP 5210SR are ideal. They deliver 4-in-1 printing, copying, colour scanning and faxing* to meet all your document needs. Packed with features usually expected only from larger printers, these units are solid performers. Your busy office or workgroup gets fast, affordable and versatile devices that can expand from desktop models to mighty four-tray, floor-standing powerhouses.

*Optional faxing card required

Printer features – at a glance

- 1** These devices have a resolution of 1200 x 600 dpi which produces quality black and white prints
- 2** Print, Copy, Scan, Fax. This four-in-one device gives you the ability to multitask
- 3** Fast printing of up to 45 ppm on the SP 5200S and 50 ppm on the SP 5210SR for single sided printing – quickly handling even the most demanding jobs
- 4** With its low Total Cost of Ownership (TCO) and high toner yield, these devices are competitively priced printers that small to medium workgroups will quickly find indispensable
- 5** The SP 5200S and 5210SR will manage all print jobs with efficiency and speed. With the first-page-out time being a mere 7.5 seconds, these devices won't keep you waiting
- 6** Large dimension touch panel which can also feature a built-in function for ease of use (SP5210SR)

Keep confidential documents confidential

You have the choice of a full suite of security tools to keep your data safe. For example, hard copies that won't print until a PIN is entered and you can restrict the use of the multifunctional printers to approved groups or individuals.

- Data encryption and overwrite security (standard on SP 5210SR)
- HDD with Locked Print (SP 5210SR)

Versatile and flexible

The standard configuration offers a single tray with 550-sheet capacity, which is great for either a desktop or a small office environment. Larger workgroups can extend the devices with three further paper trays to a maximum 2300-sheet capacity for different paper types. The SP 5210SR also includes an inner finisher that can staple for superb professional results.

Beyond scanning

Move beyond simple scanning with optional software that can:

- Provide OCR (Optical Character Recognition) capabilities with ESA TransFormer – you can scan a hardcopy document into an editable format such as Microsoft Word, Excel, PowerPoint, PDF and more.
- Automate your document scanning and routing. GlobalScan NX* makes it easier to incorporate paper documents (such as invoices, purchase orders and bills) into your digital workflows including personalised 'project-based' scanning.

* Version 1.4.4.0 or later

Spend time working, not waiting

You can access the copying, scanning or faxing* functions whenever you need them, whether or not other jobs are being printed. Stacks of loose paper documents can be scanned straight to your desktop, email, USB device, SD card or a folder. You'll also have no problem faxing* from your PC and organising, editing and sending files with the onboard scanning tools, while a standard USB print connection saves valuable time and enhances productivity.

*Optional faxing card required

Protect the environment

Maximising efficiency is a firm commitment, and the SP 5200S/5210SR are Energy Star compliant and offer duplex printing, paperless faxing and all-in-one toners reducing energy usage and costs.
