

HIGH-SPEED MONOCHROME WORKGROUP DOCUMENT SYSTEMS

MX-M754N shown with options.

Tablet-style touch-screen display with intuitive menu navigation.

The Sharp MX-M654N and M754N monochrome workgroup document systems deliver high productivity and strong versatility.

The MX-M654N and MX-M754N monochrome workgroup document systems offer powerful multitasking workflow features and exceptional image quality at speeds up to 75 pages per minute. Designed for large workgroups and departmental environments, these models combine a versatile modular design with tablet-style menu navigation and powerful output capabilities that can help virtually any office accomplish more in less time.

Key Features

- Easy to Operate Sharp's tablet-style touch-screen display offers a user-friendly graphical interface enabling quick access to features and functions when setting up jobs.
- Advanced Workflow Capabilities Equipped with the latest version of Sharp OSA® technology and Cloud Portal Office content management for easy integration with network applications and cloud services.
- Standard Wireless Networking Provides flexible access from mobile devices for scanning and printing directly to the MFP using Sharpdesk® Mobile, a free downloadable app.

Single pass, dual side scanning at up to 200 IPM

Available paper capacity stores up to 6,700 sheets

Standard retractable keyboard simplifies data entry

Advanced design plus multi-functional capability to meet tomorrow's document needs today.

- Flexible modular design provides a selection of configurations from basic copying and printing to professional folding and booklet making
- 3,200-sheet standard paper capacity expandable to 6,700 sheets with options
- Versatile paper handling system feeds up to 80 lb. cover through the paper trays and up to 110 lb. cover through the bypass tray
- Standard 150-sheet duplexing document feeder scans both sides of a document in a single pass at speeds up to 200 images per minute (IPM)

- Large 10.1" (diagonally measured) tablet-style touch-screen display offers image preview feature with flick, tap and slide navigation, and pinch-and-zoom capability
- 1200 x 1200 dpi printing provides clear, crisp images even on jobs with fine detail
- Network ready PCL®6 and genuine Adobe®
 PostScript®3™ printing systems
- Standard Compact PDF feature dramatically reduces the file size of scanned color documents, resulting in decreased network traffic and more efficient use of disk and cloud storage

- Supports Sharp Cloud Portal Office, a content management software service for storing and sharing scanned documents and electronic files
- Supports Sharp's enhanced security platform with standard 256-bit data encryption, up to 10 times overwrite protection, and convenient End-of-Lease feature
- On-the-fly toner cartridge replacement while your job is running helps maximize your productivity.
- Full-size, retractable keyboard allows quick and easy data entry
