# Unmatched technology and precisely matched color.

Using 135 years of leading Toshiba technology, we constantly push the envelope in order to develop some of the most advanced products available. The new e-STUDIO6570c series from Toshiba is a perfect example. It boasts speeds up to 65 pages per minute showcasing vibrant, accurate color as well as speeds up to 75 pages per minute for precise black and white output. In addition, the latest generation e-BRIDGE platform provides impressive connectivity, manageability and solutions readiness.

## Accurate color, time after time.

Imagine photographic presentations printing out just like the highest-quality photographs. Or, your corporate colors appearing just right, every time. As an Authorized Pantone Partner, we utilize our proprietary e-BRIDGE Color Profiler to closely match the widest array of Pantone colors. The e-STUDIO6570c series is the ultimate color scanner, copier and printer. Of course, that's just a portion of its functions, which reach far beyond the average MFP.

## Networking made simple.

In addition to high quality color at up to 65 pages per minute, black and white printing is equally brilliant, and even faster – up to 75 pages per minute. The e-STUDIO6570c series also offers Gigabit connectivity, standard network scanning and printing as well as optional dual-line, high-volume Super Group 3 faxing. And, as new ideas and solutions become actual applications, the e-STUDIO6570c series is equipped to handle them. It's advanced technology and future innovation, wrapped into one.

# Multiple functions, multiple innovations and innumerable advantages.

Take a look at what the e-STUDIO6570c series has to offer. It's sure to meet your expectations and help you exceed your best projections.

## Precise color

Toshiba is an Authorized Pantone Partner. Thanks to our advanced e-BRIDGE Color Profiler technology, Pantone and custom colors are extremely accurate.

## Multiple color modes

Print in full color, two color, or one color – including black or any other specified color. And with 256 gradations, color transitions on photos and illustrations are smooth.

## Auto calibration

The system periodically checks to ensure that colors remain consistent throughout long runs.

## Broad paper handling

Use up to 140 lb. index with duplex support and up to 12" x 47" banner printing using AquaAce water & tear resistant paper.

## Latest e-BRIDGE platform

This proprietary platform allows for improved connectivity, security and fleet management. Also, you can access third-party solutions such as PaperCut, DocuWare and others – right from the front panel.

## High security

A 320GB FIPS 140-2 Certified SED (Self Encrypting Drive) with Automatic Data Invalidation and Data Overwrite are standard. Hard Copy Security is available as an option.

## Reduced environmental impact

The e-STUDIO6570c series is RoHS Compliant, EPEAT Registered\* (as part of the definitive global registry for greener electronics), and Energy Star Tier 2 rated.

## Powerful performance

Up to 65 color pages and 75 monochrome pages per minute have first copy-out times as fast as 6.5 seconds and 4.6 seconds, respectively. A 100-sheet RADF lets you handle big jobs with ease.

## User friendly

A large 10.4-inch touch screen panel can be positioned as needed and is easy to read. It includes a context sensitive help button in case you happen to need immediate assistance.

## Leading technology

Features include 2GB RAM, Gigabit Ethernet support, automatic paper size detection, e-filing and optional dual fax lines.

## Mobile print and scan app

Now you can print from and scan to any mobile device, taking convenience to the next level.

# Leading innovation has never looked better.

If you've been waiting to upgrade, there's never been a better reason than the e-STUDIO6570c series. Don't think of it as an MFP. Think of it as your business' central hub.

## Increase functionality instantly.

The latest e-BRIDGE technology allows for simple, seamless integration with core business applications, multiple devices and various vendor solutions. With the e-BRIDGE Fleet Management System, you can manage your entire fleet more efficiently and effectively. New optional driver plug-ins increase functionality like never before. For instance, simply plug in Job Point and you can split large print jobs between as many as ten Toshiba MFPs. Job Separator performs batch printing from any Windows application. And, Job Build enables you to effortlessly print various document types together as a single set.

## Power, performance and versatility.

Scan, copy and print with outstanding color clarity and exceptional text rendition at 1,200 x 1,200 dpi print resolution and 600 x 600 dpi scanning. The e-STUDIO6570c series has been designed for medium to large businesses in need of high-volume color printing as well as black and white. You can print 11" x 17" bleeds on 12" x 18" paper or 13" x 19" via bypass for true proofing support.

Banner printing capacity can produce impressive signage as large as 12" x 47" using our unique AquaAce media. High volumes are no problem, either, with a 6,000 or 4,760 maximum paper capacity. In short, the possibilities are endless.

# Outstanding safety, security and environmental responsibility.

As tight security and eco-consciousness become increasingly important, Toshiba keeps ahead of the game with leading innovation in both categories. We realize you can never play it too safe when it comes to your business and the environment.

## Exceptional security guards.

At Toshiba, we work hard to develop innovative security features designed to keep your business right where it belongs. A 320GB FIPS 140-2 Certified SED (Self Encrypting Drive) with Automatic Data Invalidation and Data Overwrite are standard. Hard Copy Security is available as an option which prevents the unauthorized copying of important documents. Whatever level of security your business demands, the e-STUDIO6570c series can provide it.

## Greener technologies.

In order to help you rest assured you're purchasing a product with a reduced environmental impact, the e-STUDIO6570c series is EPEAT Registered\*, the definitive global registry for greener electronics. As part of this process, the series also meets the strict requirements of Energy Star Tier 2. At Toshiba, we work tirelessly to find new ways of improving performance while saving the environment.
