e-STUDIO2822AM

Product brochure

- The e-STUDIO2822AF/2822AM have a footprint equivalent to that of an A4 printer, but they are also able to print, scan, fax and copy A3 formats.
- Effortlessly switch to A3 through the device's Automatic Document Feeder and Bypass tray without the need for a larger footprint.
- With a print speed of 28 pages per minute, their robustness and compact size, they fit into many work environments like start-up enterprises, back offices, or warehouses.

TOGETHER
INFORMATION

Key features

- Print, scan, fax and copy in A3 on a system with an A4 footprint.
- Highly reliable and durable at a speed of 28 pages per minute.
- Economically and ecologically efficient thanks to duplex printing, internal toner recycling and energy save modes as standard.

Small, robust and reliable these devices are suitable for many business environments

Benefits

Space is often limited and printing solutions need to be extremely flexible in order to cater for all the different documents that are needed. Even though printing in A4 format is the standard, in many cases there are tasks that require A3 printing, scanning and copying too. But more often than not, companies simply do not have the space for a conventional A3 format multifunctional system. That is precisely why Toshiba developed the e-STUDIO2822AF and e-STUDIO2822AM – devices that offer an A4 footprint with A3 functionality.

Small space - large functionality

Thanks to its compact design, the unit easily integrates into many demanding environments. Packed with all functions needed in a modern office environment – including colour scan – the systems are extremely reliable.

- Connectivity
 - The e-STUDIO2822AF/2822AM are easy to integrate into existing networks. You can also print from and scan directly to USB.
 - Businesses which require the fax function should opt for the e-STUDIO2822AF which has the fax as a standard feature.
- Intuitive Usage
 - Ease-of-use is key if you want to be productive. Therefore, we have made sure all functions are easy to access and intuitive to use, like double sided ID copy or mobile print and scan.
- Efficiency
 - With the e-STUDIO2822AF/2822AM you can increase your efficiency in multiple ways. Ecological efficiency, thanks to resource saving features directly translates into economical efficiency: Thanks to the low running costs, you benefit by saving money.
