

Reaching  
**new** heights...  
delivering peak  
**performance**

# Helping you reach new vistas – everyday

One solution;  
many advantages

Regardless of your industry, you're in a tight race to get to the top and you're facing greater challenges than ever before. Expectations are on the rise for complex, finished documents while the need for electronic delivery continues to climb. But work environments are changing too, and you may often have to do more with less.

The Xerox 4110 Copier/Printer provides you with an unprecedented combination of performance, reliability, and usability all in an unusually small footprint. And because the Xerox 4110 is built around a modified CentreWare workflow, many customers in the office will recognise its look and feel including its Graphical User Interface (GUI), Print Drivers, and Web Interface.

Perfectly suited for walk-up environments but robust enough to tackle complex jobs and accommodate a range of finishing requirements, the Xerox 4110 is designed to take you and your documents to new heights.

- ▶ **Spend less time waiting for the copier and more time getting things done.** The Xerox 4110's dual head scanner scans at 100 images per minute for both single-sided and double-sided documents so you get outstanding copies faster than ever before!
- ▶ **Improve your productivity and your image.** The Xerox 4110 prints at an impressive 110 pages per minute at 2400 x 2400 dpi. You get great looking documents and you get them fast so you can concentrate on the things that matter most.
- ▶ **Say good-bye to printing hassles and hello to exceptional reliability.** The Xerox 4110 is engineered for maximum uptime and reliability. It's ready to go to work whenever you need it because it's engineered for the long haul. And it's backed by unparalleled Xerox service.
- ▶ **Enjoy big ticket benefits in a small, economical package.** The Xerox 4110 makes highly efficient use of your resources including floor space, manpower, and of course your bottom line. Cost-effective economics mean an outstanding return on your investment.

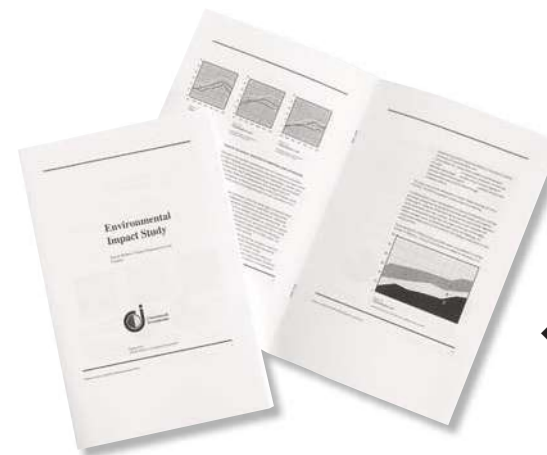

## Finished – just the way you want

Your applications need to be more than just toner on paper if they're going to help you get to the top. With versatile finishing options such as star booklets, and Z-fold, C-fold, and bi-fold, as well as support for tabs the ability to insert full-colour covers, the Xerox 4110 is well-equipped.

Put yourself at the pinnacle with...

Best-in-class scanning

- Spend less time waiting at the copier. The dual head scanner scans at 100 images per minute for both simplex and duplex documents.
- High volume scan jobs are faster and easier with the 250 sheet document handler.
- Get consistent, high quality images with a scan resolution of up to 600 x 600 dpi 8-bit grey (256 shades).
- Add new levels of efficiency and convenience to your workflow with Scan-to-E-mail with LDAP support and mail delivery notification and Scan-to-Network (FTP/SMB).
- Make repetitive tasks a breeze with Automatic Job Flow Scanning which allows preprogramming of job instructions.
- Maximise organisation and productivity with 500 Mailboxes/Folders for saving files.
- Add time-saving and convenience with a scan-once, reprint later paradigm.
- Archive business critical documents in one large, central archive (14.6 GB hard drive for document storage).

Flexible media and finishing options

- Say "yes" to more opportunities and applications with robust in-line finishing options including collating, 100 sheet stapling, hole punching, booklet making, C-folding, Z-folding and bi-folding.
- Create more engaging documents by adding eye-catching, full-colour covers to black and white documents with the post-process inserter.
- Make the most of your applications by using the right substrate for the job with flexible support for media weight and sizes.
- Enjoy increased productivity with uninterrupted long runs and load while run convenience with 8 media trays and up to 8,225 sheet capacity.

Big usability in a small footprint

- Copy and print at the touch of a button at the integrated, easy-to-navigate graphical user interface (GUI).
- Lower your learning curve and boost productivity with intuitive, touch-screen operation.
- Save space and add convenience with the integrated copy/print server.
- Stay up and running for increased productivity with fewer paper jams and automatic jam clearance.

# Engineered for challenging environments – like yours!

EDUCATION

OFFICE

CENTRAL REPROGRAPHICS DEPT.

QUICK PRINT

**“My students need my attention. I can’t give it to them if I’m waiting for the copier.”**

My classes run on paper – hand-outs, study guides, exams – and it’s up to me to see that my students have the resources they need to learn and excel. That used to mean a lot of extra time spent waiting in line for the copier, stapling by hand, and if I needed booklets or a pre-folded letter, I had to go to the copy shop around the corner.

With the Xerox 4110, I don’t have to worry about running late for class or outsourcing my teaching materials. And the 4110 is easy to use – even for me.

**“All day, everyday, it’s my job to keep information flowing through this office.”**

And the Xerox 4110 is my secret weapon. Copying, printing, even scanning to email and anywhere else on the network – it does everything I need and it does it fast.

What’s more, it’s easy to use and it’s flexible. That means Bob in billing can produce the reports he needs, Jane in human resources can make the booklets she wants, while Joe can have his customer care letters printed and folded – without coming to me for help.

My day stays on track and so does everyone else’s.

**“It’s my responsibility to create the documents that this company needs to thrive.”**

Day in and day out, I need fast, reliable equipment that outputs high quality documents with minimal interruption. But it takes more than just printed pages to keep this business running.

I need to be able to make booklets, management reports, tri-fold brochures, letters, and even insert colour covers for user manuals that go to our customers.

With the Xerox 4110, I can meet all the requests that come my way, hit my deadlines and keep the jobs moving from my in-box to “out the door.” And because of its small footprint, the 4110 doesn’t take up a lot of space on my shop floor.

**“In this business, I can’t afford to turn even one customer away.”**

I need to be able to handle every job that walks through the front door and turn it around fast or it’ll walk down the street to my nearest competitor. But it’s more than just fast copying and printing my customers want. They expect a wide range of media choices and finishing options.

With Xerox 4110, I get amazing capabilities in a small package – copying, printing, finishing, and media options. What’s more, it’s so reliable that I don’t have to think twice about taking in big jobs.

With the Xerox 4110, I get it all so my customers do, too.

## Specifications for the Xerox 4110

### Print Engine

- Xerographic Engine
- Print speed up to 110 ppm (A4)
- FCOT: 3.0 seconds
- Simplex or duplex printing
- Up to 1200 x 1200 dpi RIP resolution and up to 2400 x 2400 dpi print resolution with Halftone screen 106 lpi (default) or 150 lpi (high quality mode)

### Document Storage

- 40 GB Hard Drive with 14.6 GB for document storage

### Scanner/Document Handler

- Dual Head Scanner
  - 100 ipm black and white scanning Simplex
  - 100 ipm black and white scanning Duplex
- Optical 600 x 600 dpi 8-bit Grey (256 shades) scan resolution
- Scans in industry standard TIFF, multi-page TIFF, or PDF
- Scan to Email with Mail Delivery Notification
- Scan to Network File Server
- 250 sheet Duplex Automatic Document Feeder
- Throughput sizes: A5 to A3
- Throughput weights:
  - Simplex or Duplex: 52 to 200 gsm

### Paper Handling

#### Stock weights and capacity (at 75 gsm):

- **Tray 1:** 1,100 sheets (A4); 52 to 216 gsm
- **Tray 2:** 1,600 sheets (A4); 52 to 216 gsm
- **Tray 3-4:** 550 sheets each 140mm x 182mm to 330mm x 488mm / A5 to SRA3; 52 to 216 gsm
- **Tray 5 Bypass Tray:** 250 sheets (330 mm x 488 mm); 52 to 253 gsm
- **Tray 6-7 High Capacity Feeder (optional):** 2,000 sheets each (A4); 52 to 216 gsm
- **Tray 8 Inserter:** 175 sheets (A4 to A3); 52 gsm to 220 gsm

### Standard Post Process Inserter

- Inserts pre-printed offset and xerographic colour documents in a post fuser manner

### Standard Finisher

- 3 position single or dual 100 sheet stapling
- 2 and 3 hole punch North America; 2 and 4 hole punch Europe and South America
- Built in bi-directional de-curler
- Output capacity of 3,000 sheets – 75 gsm

### Optional Booklet Maker

#### Includes features of the Standard Finisher plus:

- Automatically creates booklets of up to 15 pages and imposes them resulting in 60 imaged sides with saddle stitching
- Creates booklets from A3 or A4
- Output capacity of 2,000 sheets (75 gsm)

### Optional Folder

- C-fold and Z-fold of A4
- Print on inside or outside of folded paper
- Folds A3 Z-fold for inserts

### Printer Controller

- 40 GB Hard disk drive, 512 MB RAM
- 10.4" colour, touch screen flat panel display
- Ethernet interface (10 MBTX/sec or 100 MBTX/sec)

### Client Environments Supported

- Windows 98 / ME / 2000 / XP and NT 4.0
- Macintosh OS 8.0x/ 8.5x/9.0x /10.1/10.2/10.3

### PDLs and Data Formats

- Adobe PostScript Level 3
- PDF
- PCL 5e and 6
- TIFF
- HPGL, HPGL2

### Connectivity

#### Native network environments

- TCP/IP, SNMP, SMB, Novell IPX, AppleTalk, IPP

### Data Security

- Secure Print
- Image Overwrite up to 3 times (optional)
- Data Encryption (SSL/TLS) (optional)

### Electrical Requirements

- Print Engine:
  - 208-240 VAC, 50 Hz, 13 amp service
  - KVA Rating: Max Power Consumption: 2.8 – 3.1 KVA
  - Agency certification: Energy Star, Environmental Choice, cULus, Europe: CE, NEMKO

### Dimensions and Weight

Dimensions	Width	Depth	Height
Xerox 4110 with Staple Finisher	2,374 mm	781 mm	1,455 mm
Xerox 4110 with Staple Finisher and HCF	2,549 mm	781 mm	1,455 mm
Xerox 4110 with Booklet Finisher	2,379 mm	781 mm	1,455 mm
Xerox 4110 with Booklet Finisher and HCF	2,554 mm	781 mm	1,455 mm
Xerox 4110 with Staple Finisher and Z-Folder	2,574 mm	781 mm	1,455 mm
Xerox 4110 with Staple Finisher, Z-Folder and HCF	2,629 mm	781 mm	1,455 mm
Xerox 4110 with Booklet Finisher and Z-Folder	2,579 mm	781 mm	1,455 mm
Xerox 4110 with Booklet Finisher, Z-Folder and HCF	2,754 mm	781 mm	1,455 mm

**Product Weight:** Maximum of 516 kg

### Xerox Paper and Specialty Media. See the difference quality makes.

Xerox digitally optimised papers and specialty media products have been specifically engineered in concert with the Xerox 4110 Copier/Printer to provide you with exceptional productivity, superior reliability, and unmatched flexibility. With our broad selection of paper and specialty media, full range of weights and sheet sizes, you will have the flexibility to create a variety of print applications and finished documents such as customised newsletters, booklets, reports and manuals on a wide variety of stocks. For more information call 0800 787 787.
